Security Capabilities & Policy for Transmission of Payment

What information do we collect and how do we use it?

When you make a payment through this website, we need to know your name, e-mail, phone number, address and credit card details if paying by credit card. This allows us to process your payment promptly.

How does Debt Recovery & Administrative Services Limited protect customer information?

When you make payment to us we use a secure server. The secure server software (SSL) encrypts all information you input before it is sent to us. Furthermore, all of the sensitive customer data we collect is protected by several layers of encryption and several layers of security to prevent unauthorised access.

Credit Card Details

All credit card payments are processed securely through our online payment process. Payment by credit card is the fastest way to receive your payment as there is no clearance delay. Debt Recovery & Administrative Services Limited does not store any credit card information on our servers.

Payment Gateway Information

Our payment options, most importantly are safe and secure. We offer Credit Card payments options to all customers. Credit Card payments are made directly through 256 SSL Encryption software to ensure your personal details are kept safe. None of your payment details are stored – this ensures you will be happy with the security of your transaction.
